

Three things that are **all-too-common** in the mortgage industry:

Missed Closing Dates:

Promising a closing date that isn't accurate.

Bait & Switch:

Quoting one thing and delivering another.

Poor Communication:

Not delivering up-to-date information to your realtor.

Here at Legacy, we promise **three** things:

On Time Closings:

Getting you to the closing table at the time we promised.

Accurate Closing Figures:

What you see on your loan estimate is what you get or better.

Consistent Communication:

Keeping you informed of where you are in the loan process.
